# REPORT OF BUILDING INSPECTOR

In 1971 thirteen New Home Permits were issued, this is a drop of four from 1970.

No permits for summer cottages were issued in 1971.

As expected, mobile homes have started to move into Chesterfield. Seven permits were issued for new mobile homes in 1971.

One permit was issued for a large commercial garage in town and several permits were issued for small garages.

*Respectfully Submitted,*
Shirley G. Bevis
*Building Inspector*

## TOWN MEETIN' TIME

*Walter Hard in Rutland Herald*

Folks always seem
To feel the urge
To kick out the rascals
In one grand purge . . .
Just before Town Meetin'.
No matter how hard
An official labors
He's generally suspected
By most of his neighbors . . .
Just before Town Meetin'.
Charges from shirking
To stealing will range
When all that they want
Is merely a change . . .
Just before Town Meetin'.
But the minute a man
Is secure by election
They forget all the things
That urged his rejection . . .
Just before Town Meetin'.
Horns and a tail
We can plainly see sprout
But nobody's passing
Halos about . . .
Just before Town Meetin'.
Now that it's over
We'll bury our axes
To rest till next year
When we'll howl about taxes
Just before Town Meetin'.

# REPORT OF CHESTERFIELD LIBRARY

## 1971

The year 1971 has seen a continuation of added services for our patrons. In the fall a telephone was installed. This will mean that books may now be renewed by phone and questions answered, A play corner has been added in the adult room for small children. Toys work miracles to keep small ones content while Mother and Dad browse for books.

Our collection is increasing. Two hundred four adult books and 163 children's books were purchased. We are able to offer current books for your enjoyment. Those we can't provide can usually be provided through the services of the bookmobile. The many books that are given as gifts make it possible for us to cover more subjects.

There was an increase in circulation: Adult 2889; Non-Fiction 1007; Children 4559. Total 8455. This is an increase of 780 books.

The services we offer can only be of value as the people of Chesterfield use the library.

Through books we grow and go; though we stand still.

Edith Darling

# PROCEEDINGS OF THE ANNUAL MEETING OF THE SPOFFORD FIRE DISTRICT

## March 10, 1971

The Annual Meeting of the Spofford Fire District was held at the Spofford Village Hall. Meeting called to order at 8 p. m. by the Moderator. Motion was made by Arvid W. Pearson supported by Warren G. Allen to dispense with the reading of the Warrant. Vote was in the affirmative.

ARTICLE 1. To choose a Moderator for the ensuing year. Motion was made by Arvid W. Pearson supported by Warren G. Allen that the Clerk cast one ballot for Kenneth R. Wiggin to serve as Moderator for the ensuing year. Vote was in the affirmative. Kenneth R. Wiggin was declared elected and took oath of office.

ARTICLE 2. To choose a Clerk for the ensuing year. John K. Schlichting made the motion supported by Michael Wiggin that the Moderator cast one ballot for Otto S. Schlichting to serve as Clerk for the ensuing year. Vote was in the affirmative. Otto S. Schlichting was declared elected and took oath of office.

ARTICLE 3. To choose a Commissioner for three years (1971-72-73.) Motion was made by Don C. Emery supported by Thomas Allen that the Clerk cast one ballot for Arvid W. Pearson to serve as Commissioner for three years. Vote was in the affirmative and Arvid W. Pearson was declared elected and took oath of office.

ARTICLE 4. To choose a Treasurer for the ensuing year. Motion was made by Arvid W. Pearson supported by John K. Schlichting that the Moderator cast one ballot for Otto S. Schlichting to serve as Treasurer for the ensuing year. Vote was in the affirmative and Otto S. Schlichting was declared elected and took oath of office.

ARTICLE 5. To see if the District will vote to adopt the budget and raise money for same or to act thereon. Michael Wiggin made the motion supported by Thomas Allen to accept the budget as is. Vote was in the affirmative.

ARTICLE 6. To see if the District will vote to authorize the Commissioners to borrow money in anticipation of taxes to pay current expenses.

Warren G. Allen made the motion supported by Arvid W. Pearson to give the Commissioners this authority. Vote was in the affirmative.

ARTICLE 7. To transact any other business that may legally come before said Meeting:

The Commissioners asked permission to dispose of the

Buffalo Fire Truck. Warren G. Allen made the motion supported by Don C. Emery to grant this request. Vote was in the affirmative.

The Committee appointed last year by the Moderator was: John K. Schlichting, Michael Wiggin and Thomas Allen. They came up with the following recommendation. It would be best in the long run to build a new fire station, however to cut costs recommended that the present station be remodeled. But it was the concensus of the voters present, that it would be unwise to sink any money into the present building because it would not alleviate the majority of problems we now have. Don C. Emery made the motion supported by Warren G. Allen that the Building Committee continue further study in getting facts and figures in acquiring land for a new fire station. Vote was in the affirmative.

Motion was made to adjourn at 9:00 p. m.

# SCHOOL DISTRICT MEETING

Chesterfield School District Meeting
March 6, 1971

The Moderator called the meeting to order at 3:00 p. m. and Assistant Clerk, Dorothy C. Mowry, read the Warrant through ARTICLE 1.The Moderator, Harry E. Winn, declared the polls open for balloting for the necessary school district officers.

Prior to the meeting, the following were appointed Ballot Clerks by the School Board: Jean Hubner and Agness B. Chickering. They took the oath of office from the Moderator. Dorothy C. Mowry was appointed Assistant Clerk by the Moderator. A count of the ballots showed 613.

The Moderater appointed Gerald Knickerbocker Assistant Clerk and Shirley Bevis Assistant Moderator. They along with Dorothy C. Mowry took the oath of office from the Moderator.

At 8:00 p. m. the Moderator again called the meeting to order, and the Clerk read the remainder of the Warrant. The ARTICLES were then disposed of as follows.

ARTICLE 2. Winston Cray moved that the reports of agents, auditors, committees, and officers chosen be accepted as printed in the annual report. Seconded by Wayne Winn. Motion carried in the affirmative.

ARTICLE 3. Arthur Clifford moved that the District authorize the School Board to make application for, and to accept and use in the name of the District, such advances grants-in-aid or funds for educational purposes as may now or hereafter be forthcoming from the United States government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency. Seconded by Clara B. Wellington. Motion carried in the affirmative.

ARTICLE 4. Ann R. Bevis moved that ARTICLE 4, to see if the District will vote to raise and appropriate the sum of $8,000.00 to provide for the services of a "resource teacher", and suitable instructional materials and to authorize the Board to effectuate the purposes of this article, be passed over. Seconded by Donald Emery. Motion carried in the affirmative and the ARTICLE was passed over.

ARTICLE 5. Audrey Ericson moved that the District estab-

lish a Building Needs Study Committee composed of not more than seven (7) members, four to be appointed by the Moderator and the three members of the School Board. Seconded by James E. O'Neil. Motion carried in the affirmative.

The Moderator appointed Arvid Pearson, Carl Johnson, Wayne Winn and Alfred Schiewe to this committee.

ARTICLE 6. Donald Emery moved that the District raise and appropriate the sum of $366,512 for support of schools, for the payment of salaries of school district officials and agents, and for payment of statutory obligations of the district. Seconded by Gerald Knickerbocker. Motion carried in the affirmative.

ARTICLE 7. No business was brought up under this Article "To transact any other business that may legally come before this meeting".

Voting on all of the articles having been concluded, the Moderator recessed the meeting at 8:15 p. m. There were 41 at the business session of the meeting.

At 9:00 p. m. the Moderator declared the polls closed.

# SCHOOL LUNCH PROGRAM

**July 1,1970 – June 30, 1971**

The Hot Lunch Program opened September 14, 1970 with Mrs. Sylvia Thompson as Manager and Mrs. Marion Berry as her assistant.

The reimbursement rate from Federal Funds remained at 4 cents through December and then rose to 6 cents for each Type A meal served to children. Surplus Commodities received from the Government made it possible to keep the price for children's lunches to thirty cents per day. Adults were charged forty cents per day.

Under the Special Milk Program we received 4 cents reimbursement for each half pint served through April. May and June the rate dropped to 3 cents so the price of milk did have to go up 1 cent making the price 5 cents per day per child.

About 200 to 270 balanced meals were served daily. For the first time in many years the children were allowed to talk in the cafetorium during their lunch period.

Menus were made up a month in advance and given to each child and teacher. A copy was also sent to local radio stations and to local newspapers.

At Thanksgiving and Christmas turkey dinners with all the trimmings were served.

*Respectfully submitted,*
Mrs. Sylvia Thompson

# PRINCIPAL'S REPORT

The 1971-72 school year opened on September 7 with 315 pupils enrolled. The enrollment has subsequently dropped to 307.

This year we have had to develop a grade 3 and 4 combination due to a large 4th grade enrollment (44) and a shortage of classrooms. It now appears that next year we will have to have two combination grade groups in that only one eighth grade will graduate and we anticipate two first grade groups.

Our major organization change has been the departmentalization of grades 3, 4, and 5. The program is working satisfactorily.

This year we have continued the revision of our reading program in grades 2, 4, 5, and 6, and have purchased new social studies texts for grades 3, 4, and 5.

We expect to begin a revision of our science program in 1973-74. We have appointed a science study committee to thoroughly examine methods and teaching materials so that intelligent, carefully considered decisions can be made about the science curriculum at that time.

We feel that mathematics and lanquage are reasonably up to date.

New staff members this year include Mrs. Judith Sargent, Title 1 remedial reading teacher; Mrs. Jocelyn Duncan, aide; and Mrs. Doris Tousley, school nurse. All regular classroom teachers returned to us this year which pleased us greatly.

The lunch program has been well run. Mrs. Thompson, our very able director over the past 2½ years, was succeeded by Mrs. Mary Davis as of February 1. Mrs. Marion Berry has continued her excellent work as assistant cook.

Mr. Merton Davis is in his tenth year as head custodian and keeps the building in perfect condition.

Our library has continued to grow with the purchase of new books. Again we have been able to use our TitleII allotment for the expansion of reference materials for all grades. Much appreciation must go to the P. T. A. Library Committee and its volunteer mothers who do such a fine job running and staffing the library.

I would again like to thank the people of Chesterfield, the school staff, the School Board, and the administration for helping to make the school year a success.

*Respectfully submitted,*

# SCHOOL HEALTH SERVICE REPORT

September, 1970 - June, 1971

What is a healthy child The answer encompasses many areas including aspects of both physical and mental health. Anything that affects a child's health will also affect his learning ability and thus decrease his efficiency in school. The goal of the School Health Services, then, is to work with the parents and promote the optimum health of each and every child.

The services provided by the School Health Program include (1) a vision test for each child every year, (2) a hearing test every two years, and (3) physicals by the school physician for first and seventh graders and those children participating in sports. Immunization clinics are held to provide free vaccines to all children over six weeks of age in the community. A tuberculosis testing program is held every year. Health teaching is an integral part of the services and includes both formal classes and informal, personal discussions.

A few statistics and a brief summary will indicate the way these services are implemented through the school year.

1. The vision and hearing tests are an important screening tool. There were 328 vision exams and 121 hearing exams performed during the school year. These figures do not include second exams done on the same child.

2. Dr. John Houpis, the school physician, performed 61 physicals on school children. A urine test was done on each child who received a physical.

3. Two successful immunization clinics were held in 1971. The free vaccines offered included Triple Toxoid, Smallpox, Polio, Measles, and German Measles. The first clinic was held on January 8, 1971 when 44 immunizations were given. Twenty-four children received immunizations at the second clinic on March 5, 1971.

4. A tuberculosis testing program under the direction of Miss Connie Martin was conducted on November 9, 1970. Sixty-eight people received the Heaf test. Twenty of these people were School Personnel, twenty-eight were first graders, and twenty were children in kindergarten. Three people indicated a positive reaction and received a follow-up test but no active cases of tuberculosis were found.

5. An Orientation Day was held on May 7, 1971 for pro-

spective first-graders and their parents. A Dental Hygienist, employed by the State of New Hampshire, examined sixteen children and gave suggestions for dental care to the children and their parents. Dr. Houpis gave a physical examination to five of the children.

6. In May 1971, a special hearing screening clinic was held for pre-school children under the direction of the New Hampshire Medical Society Women's Auxiliary. Twenty-three children received the screening test but no major defects were found.

7. As part of the health teaching program, Miss Nancy Gardner, a State Dental Hygienist, came on November 16, 1970 to talk to some of the school children about dental care.

It is hoped that all of these health areas can be expended in forthcoming school years to benefit your children. A goal to aim for is an individualized health program that can be expanded to fit each child's needs.

We want to extend a grateful thank-you to all the parents for their cooperation and to all the school staff for their assistance.

# ADMINISTRATIVE REPORT

## 1971 - 1972

### Progress

We are reporting briefly some of the major events during the five years our six districts have been together as a supervisory union. It is the continuing goal of the State to bring together districts in a geographic area which have similar economic, social, and educational interests. The union was enlarged following a decision by the State Board of Education that Chesterfield, Harrisville, Keene, Marlborough, and Westmoreland would work together as an administrative unit. It has worked effectively for boys and girls from July, 1967.

There has been much progress in improving educational programs in the elementary grades. We endeavor to maintain similar programs in all schools, first to provide for the needs of the boys and girls, second to prepare them for the secondary programs they will enter. New books and educational materials have been purchased in nearly all subjects and much progress has been made in using audiovisual devices. Our libraries have grown in numbers of books and our pupils have responded by greatly increasing the quantity and variety of their reading. Teachers and principals of all districts are striving to constantly improve curricula offerings and administrative procedures.

Though some progress has been made, our weakness is recognized in the limited provision of the so-called special areas of art, music, physical education, guidance, and education of the handicapped. The largest district, Keene, has been increasing these services, but it too falls short of a desirable level. It is a common shortcoming of the schools of New Hampshire, and may have to wait a more ample provision of state funds.

We think that great progress has been made in the secondary schools of Marlborough and Keene, Marlborough High School has become a good little high school, and Keene High School maintains a high level of quality. Courses in both have been updated, new material purchased, and new methods adopted. We are making steady strides towards providing more vocational educational opportunities. Though Keene High and Keene Junior High are crowded with pupils, annually some worthwile changes are made.

### Maintenance

Most of our buildings are in fine condition when age and

original building limitations are considered. Improved custodial care and steady progress in lighting, heating, roofing and grounds upkeep have been accomplished. We firmly believe that our properties shold be kept at a high level of efficiency, cleanliness and appearance. There is more to be done, but we have reached the point where the level of expenditure will not have to be increased, except to keep up with inflation. Now, we are proposing special articles in the "town" budgets to provide alarm systems to make more certain that fire losses of large size will be avoided.

### A. R. E. A. Plans

Since 1966 five of our districts have operated successfully within the Keene Authorized Regional Enrollment Plan. This plan insures that all of the districts are guaranteed by Keene of a place for high school education, and Keene can plan on the entire enrollment of the sending districts. Although the tuition costs have advanced considerably in the six-year period, they compare on the low side with New Hampshire and Vermont high schools which offer equal programs. This has made possible a good working relationship with opportunity for the sending districts to constructively criticize and the receiving district to strive constantly to improve its program. Legally, and in fact, Keene High School is the high school of the five districts.

During the District Meetings of March and April, 1970, seven districts voted a study committee to work together as a Planning Board. The charge is to determine the advantages and disadvantages of extending the A. R. E. A. plan or to develop a new plan for at least grades seven and eight. The pupils of grades seven and eight of Harrisville, Nelson, Marlow, and Stoddard have been attending Keene Junior High School for several years. The districts of Chesterfield. Marlborough, and Westmoreland were sufficiently interested to vote to share the study. Though several meetings have been held, progress has been slow, due in part to Keene's problem of building. The Keene District will probably bring the question of a new school for the intermediate grades to the District for decision again in March, 1972.

A tentative, new A. R. E. A. plan is being written. It may not involve all of the districts as this is local prerogative. If a plan is acceptable to some of the districts and the State Board, it can begin existence in September, 1974. We have another year for work and decision. Such an arrangement can provide stability and better education for all the districts while securing for them state funds and incentive aid.

### Building Committee

A special committee, named at the March, 1971, District Meeting has met to discuss Chesterfield's needs. Mr. Arvid Pearson, Chairman, has reported that the Committee feels there is no immediate necessity to build, though it recognizes the need for expansion in some areas, such as a larger library.

### Finances

"What happens when an irresistible force meets an immovable object." This old riddle comes close to illustrating the predicament in New Hampshire. For years and years the districts of our little state have voted their tax money for schools, bearing almost the complete burden. Your school leadership has been frustrated and discouraged because decisions must be made on the basis of "what will they cost" rather than "what is their value for children." State support seems to have hit bottom. Whereas the state funding in the United States averages 47% of public school costs, New Hampshire sharing was actually cut in half, down to 4%. This is in face of the usual annual inflation rate of 6%. Real estate is not equal in the districts and is not rapidly expandable to meet increasing costs. There seems to be agreement that education needs to keep up with the times, but the source of funds remains practically static.

As our Business Manager writes: "Our budgets proposed for 1972-1973 are largely 'maintenance 'budgets, supporting those services and educational conditions which presently exist." Even so, costs advance due to conditions beyond local control: gas tax, oil costs, electricity, telephone rates, rentals, retirement changes, and all supplies and books. We simply cannot hold the line without cutting services. It is natural to expect personnel to seek compensation increases to at least equal the increased costs of living. We do sincerely hope that more can be provided from State funds to insure greater equity and additional dollars.

### Career Education

You will be hearing more about a proposal called C.O.E.D. It means: Complete Occupational Education Development. It will involve all of our districts and will be supported for at least three years with federal money.

Perhaps a good way to end this report is to look into the future with the new U. S. Commission of Education, Sidney P. Marland, as he envisions the following:

"The term 'career education' means to me basically a

point of view, a concept — a concept that says three things: First, that career education will be part of the curriculum for all students, not just some. Second, that it will continue throughout a youngster's stay in school, from the first grade through senior high and beyond, if he so elects. And third, that every student leaving school possesses the skills necessary to give him a start in making a livlihood for himself and his family, even if he leaves before completing high school."

In conclusion, we hope that the financial problems of the moment will not cloud our vision of what good education has meant and must mean to the future of our boys and girls, and the very future of our beloved nation.

# REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

**Lest We Forget – It *CAN* Happen Here**

Disasterous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947 and nothing could stop the wind-driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide.

1. Never, either when walking, riding or driving, discard a firebrand, a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permited if your town has rubbish collection. Burning of grass or garden litter can be dangerous. Se your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them *dead out* when leaving.
4. *Most important,* instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year, 1971, was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

**Number of Fires Reported and Acres Burned**

| | 1971 Season | |
|---|---|---|
| STATE | 463 Fires | 160 Acres |
| DISTRICT | 41 Fires | 12 Acres |
| TOWN | 6 Fires | 1/3 Acres |
